PETITION

Plaintiff Francis Energy, LLC ("Plaintiff" or "Francis Energy") for its claims against
Broadband Telcom Power, Inc. ("Defendant" or "BTC") alleges and states as follows:

1. Plaintiff is an Oklahoma limited liability company with its principal place of
business in Tulsa County, Oklahoma.
2. Defendant is a California corporation doing business in the State of Oklahoma.
3. This Court has jurisdiction over the parties and the subject matter and Tulsa County
is the proper venue for this action.

FACTUAL BACKGROUND

4. On April 29, 2019, Francis Energy (formerly operating under the name of Francis
Solar, LLC) and BTC entered into an agreement governing Francis Energy's purchase of electric
vehicle charging systems (the "Product") from BTC (the "Agreement"). A copy of the Agreement
is attached hereto as Exhibit A.

5. Pursuant to the Agreement, BTC promised Francis Energy that "[u]pon
commissioning the Product, if it found that the Product does not meet the manufacturer
specifications (including rated power output within a 2.5% tolerance), then Seller shall repair or

replace the defective Product with identical Product within thirty (30) days at its sole cost and expense. *See* Exhibit A at Section 6.

6. Pursuant to the Agreement, BTC also provided an express warranty for the Products it supplied stating that “Seller warrants the products shall be free from defects in material and workmanship for a period of . . . two (2) years from the date the Product is delivered to the destination . . .” *See id.* at Section 10.

7. Pursuant to the Agreement, BTC also agreed to defend, indemnify and hold harmless Francis Energy against all damages, claims or liabilities and expenses (including attorney’s fees) arising out of or resulting in any way from and defect in the Product. *See id.* at Section 13.

8. In late 2019 and 2020, as Francis Energy installed hundreds of electric vehicle charging stations throughout the State of Oklahoma, Francis Energy purchased over \$10,000,000 in Products from BTC.

9. As Francis Energy began commissioning the Products BTC supplied, it continually encountered defects in the functionality of the Products, including, for example, equipment and software malfunctions and chargers that did not deliver the charging capacity represented.

10. Francis Energy continually alerted BTC to these failures, but BTC did not repair or replace the Product as promised and failed to indemnify Francis Energy for the costs it incurred as a result of BTC’s defective Product.

11. Francis Energy has suffered harm to its business reputation due to the Products repeated malfunctions.

12. Francis Energy has suffered lost revenue due to the Products repeated malfunctions.

COUNT I
Breach of Contract

Francis Energy reincorporates each of the previous paragraphs as if fully set forth herein.

13. Francis Energy and BTC entered into an Agreement.

14. Pursuant to the Agreement, BTC promised to repair or replace any defective Products delivered to Francis Energy and to indemnify Francis Energy from any damages, claims or liabilities and expenses (including attorney's fees) arising out of or resulting in any way from Product defects.

15. In breach of the Agreement, BTC has failed to repair and replace its defective Products and has not indemnified Francis Energy for the costs it has incurred as a result of BTC's defective Products.

16. As a direct result of BTC's breach of the Agreement, Francis Energy suffered damages in an amount to be proven at trial but believed to be in excess of \$75,000.

COUNT II
Breach of Warranty

Francis Energy reincorporates each of the previous paragraphs as if fully set forth herein.

17. BTC expressly warranted to Francis Energy that the Products it purchased from BTC would be free from defects and workmanship for a period of two years after delivery.

18. Francis Energy purchased BTC's Products in reliance upon this warranty.

19. This warranty was false and BTC's Products have proven habitually defective.

20. As a result of BTC's breach of its express warranty to Francis Energy, Francis Energy suffered damages in an amount to be proven at trial but believed to be in excess of \$75,000.

COUNT III
Unjust Enrichment

Francis Energy reincorporates each of the previous paragraphs as if fully set forth herein.

21. Francis Energy paid good and valuable consideration to BTC in connection with procurement of BTC's Products.

22. BTC knowingly accepted the benefit of the consideration without supplying defect free Products.

23. BTC was unfairly and unjustly enriched by receiving the benefit of Francis Energy's consideration without delivering defect free Products.

24. As a direct result of BTC's unjust enrichment, Francis Energy suffered damages in an amount to be proven at trial but believed to be in excess of \$75,000.

WHEREFORE, Francis Energy respectfully request that this Court enter judgment in its favor against BTC for an amount of damages to be determined but in excess of \$75,000, plus punitive damages, together with the costs of this action, pre-judgment and post-judgment interest, a reasonable attorney fee and such other relief to which Francis Energy may be entitled at law or in equity.

General Terms and Conditions of Sale and Delivery

1. **Term.** The General Terms (as defined below) shall be effective commencing on April 29, 2019 (the "Effective Date") through the one (1) year anniversary of the Effective Date (the "Term"), unless the General Terms are terminated earlier in accordance with its terms.
2. **Application.** The general terms and conditions of sale and delivery set forth herein (the "General Terms") shall apply to all offers, orders, confirmations, contracts, deliveries and other transactions, whether written or oral, between Seller and Buyer in connection with the procurement and delivery of electric vehicle charging stations. All purchase orders, in substantially the same form as set forth in Exhibit A ("POs"), entered into by Buyer and Seller shall be governed by these General Terms, and if a conflict exists between a PO and the General Terms, the General Terms shall prevail. The General Terms may not be amended without the express written consent of both Buyer and Seller, nor may the General Terms (or any PO thereunder) be transferred or assigned to a third-party without the express written agreement of the other Party.
3. **Purchase Order; Delivery.** Upon receipt of an executed PO, Seller hereby guarantees to deliver the DC fast charging electric charging systems, component parts and any other materials necessary for the systems to perform as intended (the "Product"), in the quantities set forth therein, at the price set forth therein, on or before the delivery date set forth in the applicable PO (in each case, a "Guaranteed Delivery Date"). All deliveries shall be made DDP (Incoterms 2010) to the destination designated by Buyer in the PO. At any time before shipment from Seller's facility, Buyer may change the destination specified in the PO, at no additional cost to Buyer. 4. **Delivery Delay.** Seller understands and acknowledges that meeting the Guaranteed Delivery Dates set forth in Exhibit B is a critical component of the consideration hereunder, and failure of Seller to meet such Guaranteed Delivery Dates shall cause significant financial harm to Buyer, which at this point in time, is difficult, if not impossible, to ascertain. Accordingly, in addition to all other Buyer's rights and remedies at law or in equity:
 - a. in respect of the Guaranteed Delivery Date specified in each 50KW PO, (the "First Milestone Date"), Seller shall pay Buyer, in immediately available funds, a one-time liquidated damages fee of five thousand US Dollars (\$5,000) per 50KW charger, if the delivery date is not met.
 - b. in respect of the Guaranteed Delivery Date specified in the last PO under these General Terms (the "Last Milestone Date"), Seller shall pay Buyer, in immediately available funds, a one-time liquidated damages fee of ten thousand US Dollar (\$10,000) per charger, if the delivery date is not met.

 - c. Buyer may terminate any PO within sixty (60) days prior to scheduled shipment from Seller's facility without any liability therefor.
6. **Rejection.** Buyer shall inspect the Product for external damage and/or defects within ten (10) days of delivery of the Product to the destination. If damage or defects are visually found, upon presentation of photographic evidence to Seller, and review and approval by Seller, Seller agrees to repair and/or replace the Product within thirty (30) days at its sole cost and expense, provided such damage or defect was not caused by Buyer. Upon commissioning of the Product, if it is found that the Product does not meet the manufacturer specifications (including rated power output within a 2.5% tolerance), then Seller shall repair or replace the defective Product with identical Product within thirty (30) days at its sole cost and expense.
7. **Invoice and Payment.** Upon delivery of the Products to the destination specified in the PO (receipt of which shall be acknowledged by Buyer to Seller), Seller shall invoice Buyer for the applicable Product unit price set forth in Exhibit C (the "Price"). With respect to the 50KW Product, Buyer shall pay Seller within ten (10) business days of commissioning of the 50KW Product (expected but not guaranteed to occur on or before July 15). 8. **Reports; Audit Rights; Notice.** Buyer shall have the right to inspect, from the Effective Date until all POs have been satisfied by Seller in full, the Product at Seller's places of business, upon reasonable notice and during working hours. Once per month from the Effective Date, Seller shall provide a progress report, in form and substance typically provided by Seller to its other customers, in respect of Products under existing POs. Such progress report shall also include a certification from Seller that the delivery dates set forth in the then outstanding POs will be met. If either (a) Buyer is not satisfied with the contents of the progress reports, acting reasonably and in consultation with Seller or (b) Seller cannot certify that the delivery dates will be met, then among other rights at law or in equity, Buyer shall have the right to inspect the Philippines facilities (or other facilities where the Products are being manufactured, at Seller's sole cost and expense, including reasonable travel and other expenses. 10. **Warranty.** Seller warrants that the Products shall be free from defects in materials and workmanship for a period of (a) two (2) years from the date Product is delivered to the destination, or (b) in the case Buyer acquires the Seller's extended warranty, five (5) years from the date Product is delivered to the destination. **EXCEPT AS OTHERWISE SET FORTH IN THIS AGREEMENT, THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.** Such warranty shall be freely assignable to any third-party owner of the Product, if applicable.
11. **Most Favored Nation Status.** Seller warrants that the prices offered to Buyer, as set forth in Exhibit C, shall not be higher than similar Products with similar PO quantities and warranty conditions offered to third-parties for the duration of the Term (an "MFN Event"). If an MFN Event occurs, Seller shall notify Buyer immediately, and the prices set forth in Exhibit C shall be revised downward to equal the price of similar Product offered to a third-party. This Section 10 shall not apply to any business conducted with Seller's parent company, Innogy SE, its affiliates, subsidiaries, or related parties.
